This is a Fast Track guide on how to send your contribution during Winding Tree ICO for contributors who don't need extra guidance. For a thorough step by step guide — [go here](#).

Register your contribution on token sale page:

<https://lif.windingtree.com>

Only those contributions coming from registered accounts will be accepted, so make sure you register before sending your contribution.

Once registered, you'll get the address to send your contribution to via wallet of your choice. We recommend [Cipher Browser](#) (easier & on mobile) and [MyEtherWallet](#) (more popular & on desktop)

. . .

Participate via Cipher Browser:

This is an easier option for beginners and it's on mobile.

a) Download Cipher at <https://www.cipherbrowser.com/>

b) On the main screen, choose to send ETH and fill in the address and the amount to continue. Please verify address to send your ETH to via official registration process (any other process that anyone suggests is a scam attempt) Also, any contributions coming from non registered accounts will be rejected.

Sign the transaction and you're done (all defaults for gas are configured for you, you can proceed with these defaults and leave any blank fields blank)

CONTINUE

Participate via MyEtherWallet:

Go to <https://myetherwallet.com/>

Go to “Send Ether & Tokens”, unlock your wallet and you will see the transaction form. Check that the address you’re putting in the “To Address” field is the same as the one you copied on our token sale page. Enter amount of ETH that you’d like to send. Set Gas limit to 100000. Click Generate Transaction, review transaction details and confirm.

Note that contributions have been known to be rejected purely because contributors didn’t add enough Gas. We recommend to set Gas limit on your transaction form to 100000 (100k) at Gas price 41 GWei. [More on Gas](#).

Questions?

If this quick guide is too quick, you will likely find your answers in the [full version of the guide here](#) and in [FAQs](#).

As always, Winding Tree team is also available for your questions on [Telegram](#) and [RocketChat](#).

Looking forward to making a big splash in the travel industry together!

Sincerely,

Winding Tree Team
