We are very excited to announce that we are doing our first LIF token giveaway at Winding Tree in the amount of 10,000 LIF tokens.

We very recently released one of the first of many extensions of the ORGiD technology, [the ORGiD Bot](#). We recently upgraded ORGiD to allow you to add

trusted organization representatives to your organization's ORGiD. That technology now combined with the bot can query all ORGiD records to check if an individual using Telegram actually represents an organization and is authorized to speak on their behalf.

To that end, we want to see the ORGiD bot used out in the wild. We will be giving away 1000 LIF tokens to members of our community who refer to an organization that creates an ORGiD profile and adds at least one individual as a representative of their organization. We will be giving out these tokens up to the first 10 referrals that create an ORGiD profile.

You can provide these steps for setting up an ORGiD and staking LIF.

The Rules

From the start of 00:00 UTC 3/15/2021 to 23:59 UTC 4/12/2021 we will be holding the contest and the following will apply:

- You must be a member of the Winding Tree Telegram community and follow the Winding Tree Twitter account.
- The referred organization must be a blockchain one.
- You must provide a contact at the organization in question for us to confirm your referral and they must confirm it was you.
- For a referral to be counted it must have created an ORGiD record within the contest timeframe and be one of the first ten to have done so.
- Your referred organization must have added your contact as a representative to its ORGiD record.
- You must fill out this form.
